SKILLS

- **C# - Intermediate**
- **Unity - Intermediate**
- **Java - Intermediate**
- **C++ - Beginner**
- **Python - Intermediate**
- **Javascript - Intermediate**
- **SQL - Intermediate**

LANGUAGES

- **Turkish,** Native
- **English,** Advanced
- **German,** Beginner

Emir Aksoy

BSc Computer Engineering, Digital Game Design

🎓 EDUCATION

Bilgi University, Double Major, *Class of 2026*
BSc Computer Engineering, Digital Game Design

Kadıköy Anadolu Highschool, *Class of 2022*

Bilfen Schools, *Class of 2017*

👤 WORK EXPERIENCE

SOFTWARE ENGINEERING INTERN
Multitek, July - August 2025

- Integrated Multitek smart home devices with Home Assistant
- Developed and configured a custom Home Assistant integration
- Worked with IoT APIs, cloud-based services, and device communication
- Tested and debugged integration workflows within the Multitek Cloud ecosystem

GAME DEVELOPER INTERN
Orbycra, June - November 2024

- Developed an FPS/Action game using Unity and C#
- Built core gameplay systems from scratch up to a vertical slice
- Designed and implemented player mechanics, combat systems, and game logic
- Gained hands-on experience with complex system architecture in Unity

SOFTWARE ENGINEERING INTERN
Povodu, November 2022 - February 2023

- Worked with C#, SQL, and Unity in software development projects
- Worked on a C# application with 150 users focusing on core functionality and SQL backed data-flows
